## 1. Opening / Preamble

*[Start recording if you want the net recorded]*

Good evening, Lake Holiday!

This is **[your name]** acting as Net Control for the **Lake Holiday Radio Net**. This net meets **every Thursday at 8 PM** on Channel 16 of the FRS/GMRS band.

The purpose of this net is to share community information and announcements and provide a simple way for neighbors to communicate, especially if Internet or phone service becomes unavailable.

Residents and guests of all ages are welcome to participate.

This net is intended to be light-hearted and fun, and provide an opportunity to keep radio communication skills sharp if they are needed.
